

# **SOLANO COUNTY WATER AGENCY** **WEEKLY REPORT**

**For Week Ending Saturday, July 11, 2026**

**Last Updated: Monday, July 13, 2026**

## **SOLANO PROJECT**

|                                                |                                                          |
|------------------------------------------------|----------------------------------------------------------|
| Lake Berryessa Surface Elevation               | <b>434.19</b> ft (top of Glory Hole is 439.96 ft)        |
| Surface Elevation Changes from <b>7/1/2026</b> | <b>-0.8</b> ft                                           |
| Lake Berryessa Storage (acre-feet)             | <b>1,442,504</b> AF (Max 1.55 Million AF)                |
| Storage Changes from <b>7/1/2026</b>           | <b>-16,560</b> AF                                        |
| Lake Berryessa % Capacity                      | <b>92.99%</b>                                            |
| Distance to Glory Hole                         | <b>5.77</b> feet <b>BELOW</b>                            |
| Increase from Low Point (Last 5 Years)         | <b>653,983</b> AF (Lake Low of 788,521 on 12/01/2022)    |
| Decrease from High Point (Last 5 Years)        | <b>166,044</b> AF (Lake High of 1,608,548 on 02/14/2025) |
| Putah Creek Releases                           | <b>66.84</b> cfs                                         |
| Putah Creek Flood Releases                     | <b>0.00</b> cfs                                          |
| Putah South Canal 7/11/2026 Avg. Releases      | <b>510.18</b> cfs                                        |

## **PDD Yearly Required Flows**

| <b>Daily Required Flows</b> |                           |
|-----------------------------|---------------------------|
| <b>Month</b>                | <b>Average Flow (cfs)</b> |
| October                     | 20                        |
| November                    | 25                        |
| December                    | 25                        |
| January                     | 25                        |
| February                    | 16                        |
| March                       | 26                        |
| April                       | 46                        |
| May                         | 43                        |
| June                        | 43                        |
| July                        | 43                        |
| August                      | 34                        |
| September                   | 20                        |

## **I80 Yearly Required Flows**

| <b>Daily Required Flows</b> |                           |
|-----------------------------|---------------------------|
| <b>Month</b>                | <b>Average Flow (cfs)</b> |
| October                     | 5                         |
| November                    | 10                        |
| December                    | 10                        |
| January                     | 15                        |
| February                    | 15                        |
| March                       | 25                        |
| April                       | 30                        |
| May                         | 20                        |
| June                        | 15                        |
| July                        | 15                        |
| August                      | 10                        |
| September                   | 5                         |

## **NORTH BAY AQUEDUCT**

### ***Current Allocations of Contract Amount***

The following page displays the current NBA allocations: <https://water.ca.gov/programs/state-water-project/management/swp-water-contractors>. Click this box to open the link.

**Flows for the week of 7/4/2026 to 7/11/2026 (units are in CFS)**
